Then I decided to do an internet search. I think I googled (ford expedition blower air defrost) and up pops a YouTube video to fix. It said look behind battery near firewall for some small hoses and a Y. The hose will likely be crumbling. It was so I pulled some replacement hose out and repaired it and was all set.

interesting vacuum problem - solved | Ford Expedition Forum

Hi Guys, i just like to seek help regarding my vacuum lines, my 05 expedition was painted including the engine bay, the people who did it did not bring down the engine, they just un-bolt/remove those line, hose, wires etc in the side so they can paint the engine bay. so they finish it last week but i have noticed that the AC blower is not coming out on the front vent / lover, instead the air ...

2001 Ford Expedition Heater Hoses & Pipes at CARiD.com

The small 90* hose worked perfect for replacement on my 2002 Ford Escape front valve cover, was much cheaper than buying the replacement vacuum line tubing assembly through Ford. UPDATE: After being installed for 1 week the small 90* tube split right along the seam. Same issues as some others have had. Would NOT recommend this item.
