How did you arrive at the answer for problem 14 on the Module 4 Chemistry test? The answer is "Na" because, of the elements listed, sodium is the furthest left on the periodic table of elements. To look at the science behind this, please refer to pages 145-148 of the Chemistry 3rd Edition textbook.

Apologia FAQs - How did you arrive at the answer for ...

Apologia designs its courses to help student make real-world connections. We also give all the glory back to God. Think about our universe, our planet, our homes, and our very lives. What do all of these have in common? The chemistry answer is "the elements." The elements listed in the periodic table constitute all of the ordinary matter, visible and invisible, that we know about.
