Component 6: Health Management Information Systems

To do this, a clinical case study will be presented, along with discussion of nurse experiences using the EHRs in a recent study (McBride, Tietze, Hanley, & Thomas, 2015). Then, recommendations and a call to action are made based on the FCM in light of nursing practice standards, ethical issues, and where applicable legal issues.

Identifying and Addressing Ethical Issues with Use of ...

As most of us have learned by now, the root-operation character in ICD-10-PCS defines the objective of the procedure. There are 31 root operations in the Medical and Surgical Section of ICD-10-PCS, and two of these are discussed below. Fluids and Gases vs. Solid Material Drainage is the process of t...
