These comments refer to the 2nd edition paperback. It should be obvious from the title, but this book most useful to advanced/intermediate R users and users of other languages who need a better understanding of R's unique quirks. I wouldn't recommend if you're not comfortable writing moderately complex functions in R.

Editions of The Shining by Stephen King - Goodreads

Exceptions to this rule of thumb include denominating as a "second edition" a new textbook that has a different format, title, and/or author(s) because a previous textbook that shares only the same subject matter as the "second edition" is considered the first edition. The reason for this stretch of the definition is often for the short-term marketing advantage of the new textbook, because, although first editions are often considered more valuable than later editions to book collectors ...

This newly designed and typeset 2nd edition of the popular Ignatius RSV Catholic Bible is a contemporary English translation that revises archaic language of the first edition, but avoids dumbing-down the text. It retains the beauty of the RSV language that makes the Ignatius Bible such a joy to read.
