Gaddis Pseudocode - used in the book "Programming Logic and Design" by Tony Gaddis. IBO Pseudocode If your programming language and/or pseudocode is not listed, Flowgorithm supports customizable program templates.

### Flowgorithm - Features

The Cold War was a period of ideological and geopolitical tension between the United States and the Soviet Union, and their respective allies, the Western Bloc and the Eastern Bloc, after World War II. Historians do not fully agree on the dates, but the period is generally considered to span the 1947 Truman Doctrine (12 March 1947) to the 1991 Dissolution of the Soviet Union (26 December 1991).
